

ALBERTO

UNTERWEGS ZU MIR

Die Welt, wie wir sie kannten, steht auf dem Prüfstand. Und das ist okay. Konzentration auf **das Wesentliche** lautet die Devise und so steht Qualität endlich wieder vor Quantität. Das gilt mehr denn je auch für die Mode, die – wie **ALBERTO** sie versteht – eine Funktion als Seismograph der Gesellschaft zu erfüllen hat. Als Ergebnis präsentiert das Mönchengladbacher Hosenlabel zur **Wintersaison 2021** eine ausbalancierte Kollektion, die zwischen zu Hause durchatmen und draußen durchstarten so hochwertig wie stilvoll all unsere derzeitigen Bedarfe und Bedürfnisse kombiniert.

FINDING MYSELF

The world as we knew it is facing a severe test. And that's okay. Our motto is to focus on the essentials, and so quality finally takes precedence over quantity again. This applies more than ever to fashion, which - as ALBERTO sees it - is a kind of social seismograph. As a result, the Mönchengladbach-based pants label is presenting a well-balanced collection for the 2021 winter season, combining all our current needs and requirements in a sophisticated and stylish way, between taking a deep breath at home and taking off outdoors.

HEMP DENIM

1401 ROB-C, Organic Cotton

Neues aus den **ALBERTO Organic Denim**-Zukunftslaboratorien. Nachdem man bereits in der vergangenen Saison eine ganze Serie eindrucksvoller Zeugnisse einer ebenso stilversierten wie **ökologisch** nachhaltigen Jeanskultur abliefern konnte, folgt zum Winter 2021 jetzt ein umfangreicher Nachschlag. Diesmal im Programm mit dem grünen Daumen: Pants aus recyceltem Baumwoll/Polyester/Tencel/Elasthan-Mischgewebe mit einem Elastizitätsgrad von über 40 Prozent, ein Modell aus **Bio-Baumwolle** und recyceltem Elasthan, eine Organic Denim, die im Dry Indigo-Verfahren komplett ohne Wasser gefärbt wurde, und eine Hose aus **Hanf-Denim**. Und damit sich die Styles auch optisch deutlich abheben, werden sie mit dem bekannten grünen Innenfutter, grünen Versäuberungsnähten sowie einem grünen Zipper ausgestattet.

News from the ALBERTO organic denim future laboratories. After delivering a whole series of impressive testimonials to a denim culture that's as stylish as it is ecologically sustainable last season, there's an extensive follow-up coming for winter 2021. This time in the range with the green thumb: pants made of recycled cotton/polyester/tencel/elastane blends with more than 40 percent elasticity, a model made of organic cotton and recycled elastane, an organic denim dyed completely without water using the dry indigo process, and pants made of hemp denim. And to make the styles stand out visually, they're fitted with the familiar green lining, green serging seams and a green zipper.

FANCY CAMOU

1417 ROB, Fancy Camou | Belt: 8401 Rivet

Natürliches Material, erdige Farben – Im Winter ist man sich einig: Keine Stilkonsequenz ohne die richtigen **Baumwollpant**s. Wie gut, dass ALBERTO hier auch in der anstehenden kalten Jahreszeit einmal mehr den richtigen Stoff bereithält. Clean, klassisch und mit einem besonders hohen Elastizitätsgrad geht die neue Tapered-Fit Chino ‚Steve‘ aus **Italian Smart Cotton** an den Start. Besonderes Merkmal ist hier der verlängerte Bund. Die traditionelle Stückfärbung sorgt hier für eine authentische Heritage-Optik, die in einem raffinierten Kontrast zum ultramodernistischen Nietenlogo am hinteren Bund steht. Ganz anders, aber nicht weniger individualistisch: das ebenfalls frisch ins Programm aufgenommene Modell ‚Rob-C‘. Gefertigt aus **Organic Cotton Army Twill** und ausgestattet mit Pattentaschen und feinen Stitchings kombiniert die Slim-Fit-Chino in Cropped-Länge Eleganz und Roughness zu einem einzigartigen Look. Modisch noch einen deutlichen Schritt weiter gehen die **Fancy Camouflage-Pants** mit digitalen Camo-Prints auf bunter, gewebter wool-alike Basis und die **Fancy Velvet-Pieces** mit ihrer samtene Oberfläche mit Wabenmuster. Edel: unifarbene **Fancy Weaves** in einer breiten Palette an Erdtönen.

Natural material, earthy colors - in winter, everyone agrees: You can't be consistently stylish without the right cotton pants. So, it's a good thing that once again ALBERTO's got the right fabric for the cold season that's coming. Clean, classic and really elastic, the new tapered fit chino 'Steve' made of Italian smart cotton is ready to go. A special feature here is the extended waistband. The traditional piece-dyeing creates an authentic heritage look, a sophisticated contrast to the ultra-modern studded logo on the back waistband. Quite different, but no less individualistic: the 'Rob-C' model, a fresh newcomer to the range. Made of organic cotton army twill and equipped with flap pockets and fine stitching, the slim-fit chino in cropped length combines elegance and roughness to create a unique look. The fancy camouflage pants with digital camouflage prints on a colorful, woven wool-alike base and the fancy velvet pieces with their velvety surface and honeycomb pattern take this fashion statement a step further. Classy: plain-colored fancy waves in a wide range of earth tones.

SUPER JERSEY

Aus ‚Cosy Pants‘ werden ‚Jersey Pants‘, und auch sonst hat sich bei den selbstbewussten **ALBERTO 24/7-Allroundern** zur Wintersaison 2021 einiges getan. Super Jersey setzt hier ganz auf schlicht und unifarben, um dann vor allem über Details wie etwa das eingearbeitete Gürtелеlement im Bund der legeren **Jogpants**, House-BO‘ zu punkten, während **Printed Jersey** die Modelle ‚Rob‘, ‚House‘ und ‚Slim‘ in einem filigranen Minidot-Dessin vorführt. Wesentlich extrovertierter geben sich die ‚House‘ in **Cosy Camouflage** mit Tarnprint und die Cosy Check-Styles, die den aktuellen Karohype mit Musterspielen in Grün/Schwarz und Bordeaux/Schwarz aufgreifen. Ganz frisch bei den **Smart Jerseys** und gleich ein echtes Highlight: der sportliche Tapered-Fit ‚Bart‘ mit gummierten Zipperrn.

The “Cosy Pants” have become “Jersey Pants”, and the supremely sanguine ALBERTO 24/7 all-rounders have also come a long way for the 2021 winter season. Super Jersey is all about understated simplicity and plain colors, with details like the integrated belt element in the waistband of the casual sweatpants ‘House-BO’, while Printed Jersey presents the models ‘Rob’, ‘House’ and ‘Slim’ in a filigree minidot design. The ‘House’ in cosy camouflage with camouflage print and the cosy check styles are much more extroverted, reflecting the current check hype with pattern games in green/black and bordeaux/black. The Smart Jerseys are fresh and a genuine highlight: the sporty tapered fit ‘Bart’ with rubberized zippers.

HYMER 900

Er ist fast 40 Jahre alt, knapp 9,40 Meter lang und gut 2,90 Meter breit, bringt stolze 6 Tonnen auf die Waage und bewegt sich mit der stoischen Kraft eines 130 PS-Dieselmotors. Der Hymer 900 ist eine Mobile Home-Legende, deren Namen von Campingfans und Oldtimerfreunden gleichermaßen ehrfürchtig geflüstert wird. Und das zu Recht. Schließlich wurde das fahrende Luxuswohnzimmer mit angeschlossenem Schlafabteil in einer Kleinstauflage von gerade einmal 25 Stück gebaut und kostete damals ungefähr so viel wie ein Eigenheim in mittlerer Preislage. Unser Special Guest des ALBERTO Winter 2021-Shootings ist eines von weltweit nur noch 15 fahrbereiten Exemplaren und erwies sich in jeder Hinsicht als ebenso geduldiger wie stilversierter Elder Statesman, den weder das Klicken der Kamera noch die zusätzliche Innenraumausleuchtung aus der Ruhe bringen konnten. Wir haben zu danken.

It's almost 40 years old, almost 9.40 meters long and a good 2.90 meters wide, weighs a proud 6 tons and moves with the stoic power of a 130 HP diesel engine. The Hymer 900 is a legend in mobile homes, and its name is whispered reverently by camping fans and classic car enthusiasts alike. And rightly so. After all, the mobile luxury living room with attached sleeping compartment was built in a small series of just 25 units and cost about as much as a home in the medium price range at the time. Our special guest at the ALBERTO Winter 2021 shoot is one of only 15 drivable units left in the world and it proved to be a patient and stylish elder statesman in every respect. It wasn't bothered at all by the camera's clicking or the additional interior lighting. A big thank you.

ALBERTO

HYBRID SPORTS PANTS

Die **Hybrid Sports Pants** sind die absoluten Senkrechtstarter im ALBERTO-Programm. Und das völlig zu Recht, garantieren sie doch dank hochwertiger Funktionsqualitäten und einer Vielzahl cleverer Features wie Antirutschbänder und reflektierende Labels nicht nur beim Biking, Hiking und auf dem Green, sondern auch im Non-Outdoor-Alltag eine kompromisslose Performance. Zum nächsten Winter haben die Mönchengladbacher das Programm jetzt noch einmal deutlich ausgebaut. Neben der wasserabweisenden **3xDRY Cooler** als ‚Base‘, ‚Tekk‘ und ‚House-BO‘ und der extraleichten, atmungsaktiven, schnell trocknenden und natürlich komplett wasserabweisenden **Revolutional®** im neuen Tapered-Fit ‚Protect‘ erstmal am Start: **Stretch Energy** mit angerauter Innenseite. Die wasserabweisenden, wärmenden und atmungsaktiven Qualitäten garantieren 360° Bewegungsfreiheit und sind als ‚Base‘ und ‚Protect‘ zu haben. Ein Must-have für sportbegeisterte Jeansliebhaber sind die hochelastischen Hybrid-Denims im neuen Slim-Fit-Style ‚Hybe‘ mit Reflektoren an Gürtelschlaufen und Saum, Tra-In-Knopf, gebürsteten Stoffinnenseiten, wärmendem Garn und exklusivem Hybrid Sports-Label.

The Hybrid Sports Pants are the ultimate high-flyers in the ALBERTO range. And quite rightly so, because they guarantee uncompromising performance for biking, hiking and on the green, and also for non-outdoor activities, thanks to high-quality functional fabrics and a host of clever features like anti-slip bands and reflective labels. For the upcoming winter, the Mönchengladbach-based company has once again expanded the range considerably. In addition to the water-repellent 3xDRY Cooler as ‚Base‘, ‚Tekk‘ and ‚House-BO‘ and the extra-light, breathable, quick-drying and of course completely water-repellent Revolutional in the new tapered fit ‚Protect‘, Stretch Energy with a roughened lining will be launched for the first time. The water-repellent, warming and breathable qualities guarantee 360° freedom of movement and are available as ‚Base‘ and ‚Protect‘. A must-have for sports enthusiasts are the highly elastic hybrid denims in the new slim-fit style ‚Hybe‘ with reflectors on belt loops and hem, Tra-In button, brushed fabric lining, warming yarn and exclusive Hybrid Sports label.

ALBERTO

WE CARE

Eine lange Tradition prägt das Label ALBERTO. Seit 1922 haben wir uns auf die Herstellung von Hosen spezialisiert. Seit damals beweist das Unternehmen was man braucht, um hochwertige, zeitgemäße Mode zu schaffen: Die Erfahrung von mehreren Generationen handwerklicher Perfektion vereint mit technologischer Innovation und einem ausgeprägten Gespür für Trends. Ausgesuchte Materialien und besondere Sorgfalt für jedes Detail.

Qualität und Design sind dabei für uns eine Selbstverständlichkeit, die wir jeden Tag leben! Unter Qualität verstehen wir dabei nicht nur den Einsatz hochwertiger Stoffe und Garne oder hervorragende Verarbeitung und perfekte Passform. Unter Qualität verstehen wir insbesondere auch die Unbedenklichkeit unserer Hosen im Hinblick auf Schadstoffe sowie Produktionsprozesse und -bedingungen.

The ALBERTO label has a long tradition. We have been specializing in pants tailoring since 1922. Ever since the early days, the company has been showing that it has what it takes to create high-quality modern fashion: the experience of several generations of perfect craftsmanship combined with technological innovation and an unerring instinct for trends. Carefully selected materials and meticulous attention to every detail.

For us, quality and design are deeply ingrained principles which we live up to every day! By quality, we understand not only the use of high-quality fabrics and yarns, outstanding craftsmanship and perfect fit. We also see quality as ensuring that our pants contain no harmful substances and that our production processes and manufacturing conditions are unobjectionable.
